

REMARKS/ARGUMENTS

Claims 8, 9, 11, 25-27 and 30-33 have been allowed, pursuant to the May 3, 2005 Notice of Allowability.

Applicants request amendment to claims 26 and 32 so as to rectify an obvious clerical error. Specifically, claims 26 and 32 should be amended to recite particle sizes of 10 microns, not 10 mm (millimeters). Support for the 10 micron limitation is found throughout the specification, and particularly on page 16, lines 10-11. As such, no new matter is presented herewith.

Inasmuch as this application has been allowed, the instant amendment is requested pursuant to 37 C.F.R. 1.312. If a fee for said amendment or for any other matter is required, the Patent Office is authorized to charge any deficiencies or credit any overpayments to the undersigned's Account No. 501709.

Respectfully solicited,

CHERSKOV & FLAYNIK
